

## SUPER CAL MAG

PRODUCT #  
**C07100**

### SUPER CAL MAG CONCENTRATED FORMULA -Mineral-rich Head Enhancer for Shrimp

Introducing our essential Shrimp Mineral Boost, a most important mixture for shrimps health. Quickly absorbed to meet the immediate mineral needs of shrimp, it is suitable for all aquaculture environments.

#### Recommend Usage Rates:

1. Pond preparation: Apply at rate of 3-5 kg per 1,600 square meters.
2. During Cultivation: Uses at rate of 1-2kg per 1,600 square meters.
3. Before Harvesting: Apply at rate of 5-10 kg per 1,600 square meters.

#### Usage Recommendations:

1. It is essential for preventing molting issues and ensuring proper mineral balance in shrimp ponds.
2. Helps in stressful situations and shrimps health.
3. Alleviate stress during molting and water changes.
4. Adjust blood pressure and help shrimp adapt to changing environments.
5. Enhance soil and water mineral balance.
6. Reduce toxicity for a healthier shrimp population

#### Composition:

1. Sodium (Na), Sulfate (So4)
2. Magnesium (Mg)
3. Chloride (Cl), Potassium (K)
4. Calcium (Ca)

#### Benefits:

1. Regulates shrimp blood pressure
2. Enhances mineral balance in soil and water
3. Accelerates exoskeleton developments.

#### Package:

Net weight 10kg.
